THE WEATHER.

Wednesday warmer and fair;
Thursday probably fair.

The city council a year or two ago made an order that all property owners in the down town district should immediately remove their outside privies or connect them with the sewer. The order was held up temporarily in the order to give the Board of Education time to make necessary changes at the Central school building. The council should now see that the order is complied with at once. The present conditions are a menace to health.
